About Agile Therapeutics

Agile Therapeutics is a pharmaceutical development company specializing in Women's Healthcare products, with an initial focus on providing women with more options and more convenient methods of hormonal contraception. The company's lead product, AG200-15, is a once-weekly contraceptive patch currently in Phase III clinical trials. In addition, Agile is also developing a low-dose, progestin-only contraceptive patch, AG900. Both AG200-15 and AG900 incorporate proprietary transdermal delivery technology, Skinfusion™, developed by Agile, consisting of an active and peripheral adhesive system that allows stable drug delivery and dependable adhesion over seven days.
